

(Rochester, Minnesota) – Today, Congressman Tim Walz thanked the Justice Department and the FBI for their unwavering vigilance in rooting out terrorism here and around the world.

Walz stated, “Terrorists around the world need to clearly understand that this country will never rest until their extremist ideology is eliminated whether it be in Somalia, Afghanistan or on the streets of Rochester. From my experience meeting with our special forces in the Horn of Africa and in meetings with the FBI held in my Rochester office, it is clear we need to remain vigilant and focused on defeating terrorism here and around the world.”
